Dear VRCS families,

Our school is mandated by the Bishops of the United States to provide Safe Environment training to all students annually.

Your child/children will receive this training during their religion/theology classes during the month of November.

If you **DO NOT** want your child to participate, please return the bottom portion of this letter to the school office by **Friday October 29, 2021**. Your child will be withheld from the program when it is presented.

Thank you,

Ms. Chandley, Principal

Dear Parents,

The provisions of the Asbestos Hazard Emergency Response Act (AHERA) require us to advise you of the presence of Asbestos Containing Material (ACM) in our school buildings as well as our plan to safely manage them.

Because each school has different types and amounts of ACM, each has a site - specific management plan. The ACM's have been identified, their location is known, and we routinely monitor them for any condition changes. We also promote a proactive approach to keeping these materials in good condition, one of the objectives of the management plan.

Each AHERA management plan is reevaluated at least every three years in conjunction with a formal reassessment of the physical condition of the ACM. This effort allows us to plan for and direct any activities involving ACM, thereby precluding the potential for adversely affecting the health of our students and staff. Our AHERA management plans are available for review. Each school has on file a copy of their respective management plan and all plans are on file at the Facilities & Risk Management Office at the Diocese of Erie.

You are encouraged to review the ACM management plan for the school(s) of your interest. You are also encouraged to provide input and ask questions. As the AHERA Designated Person for the Diocese of Erie, it is my responsibility to respond to your concerns and questions; if you wish, I can be reached at 814-824-1112, or, [rydzewski@eriercd.org](mailto:rydzewski@eriercd.org). Thank you.

Sincerely,

Russell A. Rydzewski
